BENJAMIN FRANKLIN BANK CHARITABLE FOUNDATION DONATES

\$10,000 TO THE PRICE CENTER.

Newton, MA - Justin Sallaway, President of the Price Center, is pleased to announce a \$10,000 donation from the Benjamin Franklin Bank Charitable Foundation.

"The Price Center provides valuable support services for adults with developmental disabilities. We offer them the opportunity to work and participate in the community, and provide treatment and living environments to foster their self-confidence and increase their capabilities and personal growth," Sallaway says.

"We appreciate this generous donation from Benjamin Franklin Bank Charitable Foundation. Their contribution helps ensure that we can provide continued services for our clients, and maintain continuity within our programs. We not only match qualified workers with developmental disabilities to jobs in the greater Newton area, but also have an in-house job program at our Newton facility where they can increase their job skills in a work environment and, we also offer an after-school Enrichment Program for local High Schools that gives developmentally disabled students assistance in homework and recreational, art, and wellness activities." Sallaway added.

According to Thomas R. Venables, President of the Benjamin Franklin Bank Charitable Foundation, "The Benjamin Franklin Bank Charitable Foundation provides funding support to charitable causes and community development activities in the communities served by Benjamin Franklin Bank."

"The Foundation focuses on assisting in the areas of education, health and human services, youth

programs and community development. The Price Center provides such important services and opportunities to the developmentally disabled adults and teenagers in Newton and the surrounding area. We are happy to be able to help them continue their meaningful contributions to the community," added Venables.
